

Guardian Information

Moving to a new country to study can be a daunting experience for you and your child. My wife and I have been professional guardians for over 6 years. We offer a Guardian Scheme that will ensure the safety and comfort of your child while they are studying here, as well as closely monitoring their academic progress.

1. We will get to know your child well, so that we can regularly keep up to date with their progress and experiences studying in the UK.
2. I or another Thai speaking Guardian will be on hand 24 hours a day, 7 days a week should your child wish to speak on the phone about any problems they might encounter in the UK.
3. We will remotely (by telephone and email), liaise with your child's teachers and keep you up to date with your child's progress throughout the year. *There is an extra charge for prolonged phone calls or zoom meeting with teachers or solicitors etc dependent on the amount of time required. This is outlined in the section below.
4. We can help them set up any phone contracts of misc. subscriptions when I meet your child. Please note, we do not provide tuition.

Additional Services to the Guardian Scheme we offer

1. Any visits to the school to meet teachers or tutors are billed separately.
2. Medical services - We can escort your child to medical appointments billed separately.
3. We can attend parents' evenings for your child and write up a full report to send to you for you to track your child's academic progress. This is billed separately.
4. If your child wants me to visit for any reason it is billed separately.
5. Supervision during activities is billed separately.
6. Any digital and telephone communications like online parent evenings is charged when the time exceeds 1 hour (included up to 1 hour with this service per event), including waiting time, this will be charged at the same charge as the day rate.

There will usually be a Thai speaker to escort your child between accommodations or to and from London Heathrow Airport. If there is any gender concern, a member of the desired gender can be present. Any additional incurred expenses will be added to the final bill, a receipt can be provided. This Service is highly sought after so it will be dependent on the circumstances. If not possible then we will assist in making alternative arrangements if needed.

Dispersed Expenses

We are happy to take out contracts, such as phone contracts, etc, under your child's name and pay with our account and pay initially for any expenses. We will make the payment and then then bill it to you. We will keep receipts and itemise all the expenses for you on a termly or yearly basis.
